**TRANSCRIPTION NUMBER 33 - LETTER FROM MR. AL-MARRI - UNDATED**

In The Name of Allah  
Most Merciful Most Gracious

Dear Andy, Larry, Cheryl, Mark & Jon

1/3//32

Peace be upon who follow the guidance.

I received your letter dated May 13<sup>th</sup> on the 17<sup>th</sup>. And your letter dated may 17<sup>th</sup> on the 20<sup>th</sup>.

I will start first w/the events of last week:

Mon. 08-4      They refused to give me the writing material to my lawyer so, I put or throw the food on my cell's floor (on the sides so, I still can walk w/out stepping on the food) & covering the camera.

09-4            Received a letter from Andy (the one you sent on May 13<sup>th</sup>) but they gave it me in the afternoon.

I flood the cell & outside by putting the socks inside the toilet b/c after I got my shower today I found the pillow over my Quran, & everybody knows nothing should be on the top of Quran (I gave them trouble about it before 2 or 3 times). So, I wrote to the C.O., my letter was return to me, I do not have privilege to write to her. They raised the fan on high, very noisy may Allah take them.

10-4            Lane & Meadows started to give me troubles, taping me naked inside the shower when I clean my feet & putting the leg iron very tight.

11-4            B/c they cut my water, I would use the food try cover as a toilet then slide it under the door. If the I use the toilet it would stay all day long. The new staff sergent (*sergeant*) came & threatened me if I do it again, I would get on MRE so, I did then they put me on MRE.

On the afternoon, they stormed in b/c I would not give them the trash but this time, they stormed very rough not like before and they took the mattress the green sleeping bag, the pillow, shoes, socks, pants, shirt & T-shirt. They took everything except my short & two blue blankets & the car cushion.

I sent a letter to the Brig "From the top bitch to the fertilizer boy & everybody in between. Any of you who disrespect the Quran, the word of God or approve of it or does not ind either, kiss my ass after using the bathroom & before cleaning." I meant of course who I said top bitch b/c she is a femel (*female*) comparing to the top dog for men. I know it has another meaning, but that is their problem if they do not know

English.

12-4 They gave me a shower & gave me back all of my clothes after I slept last night w/only my short under the bed to hide from the camera w/only a blanket under & another above me. It was cold & long night, may Allah take them.

They put inside my cell a table or steull (*stool*) (which is used to set on when they milk the cow) 30X30X30 inches made of metal & screwed to the floor & the wall facing my bed.

Received a letter from Andy which has his letter to the Red Cross.

Exchanging trash for meal or no meal so, I refused, no breakfast.

13-4 No Brunsh (*brunch*) b/c I did not give them last night trash.

Refused to give them the mattress in the morning 5:00 a.m. then they stormed in after 10:00 a.m.

Turned the fan down to low speed.

They stormed in at night b/c I refused to give them the trash b/c this time I made a stick from the cerial (*cereal*) box & used the Granola bar cover to cover the camera. It was only a trial for late night, but they come early in.

They gave me the mattress at 10:00 p.m. to 5:00 a.m.

Sun. 14-4 I told them I will be in compliance.

I wrote the weekly report to Andy.

Second please tell me what happen to the S.J.

Cheryl, please in Transc. #27 in #24 it should be 20 cells not 2 cells. Also in Transc. #28 in P.S.2 Do not forget to get you & Cheryl...

Andy - what shall I do w/the release form if they do not wittness (*witness*) it and please answer P.S.3 in Transc. #29.

Andy & Mark, I would like to see what you will submit to the Court about my confinement conditions before you submit it. And consider the Geneva Convention b/c Seymour tells me I am treated accordingly to it. I said Yah? My mother is Queen of England too.

Sincerely yours,

Ali

P.S. My tingling is pretty much under control but it is costing too much. May the Lord heal me & have mercey (*mercy*) on me.
